

Institute of Chemical Technology, Mumbai

**BIO**SIMILAR  
WORKSHOP  
DIGITAL EDITION  
organizes

# Protein Aggregation and Stability Analysis using Simultaneous Multiple Sample Light Scattering (SMSLS)

**LIVE**  
**WEBINAR**

**08** | **AUGUST**  
**2020**  
06:30 pm – 07:30 pm (IST)

## SPEAKERS

**WAYNE F. REED**

Wayne F. Reed is the Murchison Mallory Professor of Physics at Tulane University and also member of the Chemical Engineering faculty. He is the Founding Director of the Tulane Center for Polymer Reaction Monitoring and Characterization (PolyRMC). His first development of SMSLS began in 2002.

**ALEX W. REED**

Alex W. Reed is co-founder and CEO of Fluence Analytics, a technology startup that provides realtime analytics solutions for optimization of polymer and biopharmaceutical manufacturing and R&D processes.

## ORGANISER AND MODERATOR

**DR RATNESH JAIN**

Assistant Professor, ICT, Mumbai

**Receive**  
**e-Certificate for Free!!**

**REGISTER NOW**

**Last date of registration:**  
**August 6, 2020, 05:00 pm (IST)**
